DEPARTMENT OF PHYSIOLOGY

Sir Robt Falconer

Dear Sir Robert:

I beg to nominate the following as fellowships in this department:

Miss Jessie Lang B.A. - Department of Physiology.
(Miss Lang graduated in 1915 in Household Science (Honours course, and is highly recommended by Prof. Benson.) - - - - - - - - $600.00

Miss C. J. Fraser - Department of Physiology

Money available. Able under head of Lectures.

Miss Fraser is at present research fellow under the dental faculty, but has been granted leave to do part time work - Physiology (part time) $300.00

Faithfully Yours
J. J. R. Macleod.

Is there to be any change in Miss Fraser's salary as asst. in Dental Research as a result of this additional appointment?

Sir Robt. Falconer
President
Dear Sir Robert:

I have a notice from Mr Moore stating that an extra $1000.00 has been appropriated to the department of Physiology out of the research fund. I did not formally ask that this should be done at present but rather that a certain proportion of the fund should be held in reserve to meet any unexpected expenditure that might come up. Is it possible that the appropriation was intended for Biochemistry instead of Physiology? I think this all the

more likely since Prof. Mendel tells me that the appropriation for $1000.00 which he requested has not as yet been placed to his credit. If you intended that the extra appropriation of $1000.00 should be made to the department, as well as that to Biochemistry, the matter could of course stand for it is likely that we will have need for some more than the $2000.00 already appropriated

Yours
Respectfully Yours
J. J. R. Macleod.

June 26 1919

Dear Sir Robert.

Mr R. S. Lang is to work in this laboratory as research assistant during the month of July. Will you please arrange to pay him $85-00 from the research fund for that month.

Yours very truly
J. J. R. Macleod

July 2nd, 1919

Professor J. J. R. Macleod,

Medical Building,

University of Toronto.

Dear Professor Macleod:

Am I correct in assuming that before joining the staff of the University of Toronto you were entitled to a pension under the Carnegie Foundation old scheme which was in force before November 1915 ? Would you be kind enough to let me know at your early convenience ?

Yours sincerely,

President.

Sir Robert Falconer.
Toronto University

Dear Sir Robert;

Will you please authorize the payment to Mr Lester Kilborn of the Physiological Department of eighty five $ dollars ($85.00) for his services as research assistant during the month of August.

Please also place before the Board of Governors the nomination of (Miss) Lois McPhedran Fraser to the position of Lecturer in Physiology in the University. The suitable appropriation for this position has been made

in this year budget, and I have no hesitation in stating that Mrs Fraser's teaching service and her research ability, throughout deserves the recognition which this promotion in rank will mean

We are finding the Lyle & Nanaimo most enjoyable and very interesting indeed from a research standpoint. The climate is unexcelled anywhere, even in Scotland, and the scenery magnificent. We expect to return to Toronto about the middle of September.

With sincere regards

Yours very truly

J J R Macleod.

December 10th, 1919

Professor J. J. R. Macleod,
University of Toronto.

Dear Professor Macleod:

This morning Dr. Barton came to see me with regard to the action of the Faculty of Medicine in removing the requirement of physical training from returned men of the first year in Medicine, Sections C and D. He realises that they have a very heavy time-table, but he tells me that from his acquaintance with these men he is afraid that unless they have some exercise they will not be up to the mark later in the session, and he was wondering whether it would be possible to arrange that they should have exercise at some time for two hours a week. He is quite willing to take them at any hour that may be regarded by the Faculty as most convenient.

Of course I merely transmit this to you without any comment of my own. You will know what ought to be done.

Yours sincerely,

President.

RECEIVED AT
DEC 18 1919
BURSAR'S OFFICE

Sir Robert A. Falconer
President

Dear Sir Robert,

I beg to recommend as assistants in research the following, to be paid out of the $2000.00 appropriated to this department from the research fund: Edward Fidler B.A. M.B. (Tor). $500.00
Mrs. A.C. Redfield $250.00

Dr. Fidler has had considerable experience on teaching staff in Bacteriology but wishes to undertake investigation in Physiology and will devote all of his research work in Physiology

time to this work at least for the remainder of the present college year.

Mrs Redfield wishes to assist in researches on respiration being qualified for this work by her training at Bryn Mawr & Harvard. She is willing devote one half of her time to the work during the remainder of the present year.

I am
Respectfully Yours
J. J. R. Macleod.

December 23rd, 1919

Professor J. J. R. Macleod,
Medical Building,
University of Toronto.

Dear Professor Macleod:

Many thanks for your letter. I had overlooked Professor Hunter, and I am now asking the Bursar to place $1000 to his credit. I will not, however, in the meantime withdraw the extra $1000 that is placed at your disposal, but if in the future I run short, I may ask you not to draw the whole amount.

I hope that you will receive $250 from the Bursar, half of the amount that I asked the Board to appropriate as a special grant for the adviser to students in medicine.

Wishing you and Mrs. Macleod a very pleasant Christmas Season, I am,

Yours sincerely,

President.

May 24 1920

Sir Robert Falconer
President
Dear Sir Robert,

Would you please recommend to the Board of Governors: 1 that L.J. Wilbur be appointed Research fellow in Physiology for June & that he be paid the sum of one hundred dollars ($100.00) from the appropriation for research.

2 that L.M. Page be appointed research fellow for June & that he be paid seventy five ($75) dollars.

3 that the appropriation set aside to pay for assistant to Mr Fraser, Junior in Typical Depression, be increased from $250.00 to $312.00. This increase is due to our having asked Mr Reaven, the above offered assistant to undertake some more essay reading than we had at first estimated would be necessary. He was promised one dollar per essay. Here is understanding, sufficient balance in the appropriation to meet this increase

4. that another fellowship, paying

Bounced in Aug. + Oct. 1st Yr. Med.

2/6/20 eq
